

Proceedings Volume 2: Contents

- Session on Symbols and Terminology
- Session on Resistance and Flow
- Session on Propulsor
- Session on Cavitation
- Session on Powering Performance
- Session on High-Speed Marine Vehicles
- Session on Manoeuvrability
- Session on Seakeeping
- Session on Ocean Engineering
- Session on Performance in Ice-Covered Waters
- Session on Validation
- Presentation of Topics
 - Presentation Session No.1: Resistance and Flow, Powering Performance
 - Presentation Session No.2: Propulsor, Cavitation
 - Presentation Session No.3: Seakeeping, Ocean Engineering
 - Presentation Session No.4: High-Speed Marine Vehicles, Manoeuvrability
- Group Discussions
 - Group Discussions 1: New Facilities and testing and Analysis Methods
 - Group Discussions 2: Full Scale Measurements
 - Group Discussions 3: Manoeuvring Simulations
- Scenes of the Conference
- Executive Committee and Advisory Council Meeting
- General Session and Closing Ceremony
- Recommendation to the Conference by the Executive Committee
- Final Recommendations of the Technical Committee
